RELEVANT EXPERIENCE

Worked as a Software Engineer in A.D.S Solutions

ABIS-Pro Project

Knowledge based cost management is fundamental to good decision making. Without timely and updated information on costs, companies end up making highly subjective and ad-hoc decisions. ABIS-Pro gives you complete visibility into costs and helps you make the best decision at any given time. The superior quality of information and consequent decision-making can have a significant impact on the bottom line. It is fully developed with HTML and Web services.

Summary of Qualifications

Programming experience using Java.

Analysis of Application with Microsoft SQL Server 2016.

Preparing Design document like "Table Design and Specification Document".

Have good analytical and programming abilities in using technology to create flexible and maintainable solutions for complex development problems.
